

## EXPANDABLE CARGO BOX INSTALLATION INSTRUCTIONS

01-033

### INCLUDED:

- EXPANDABLE CARGO BOX
- 2 FRAME BRACKETS
- 1 CARGO BOX BRACKET

Expandable Cargo Box

Strap and Latch Kit

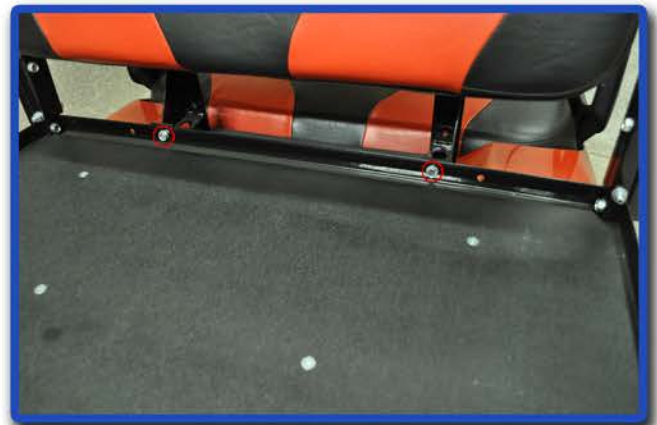

Frame Brackets

Cargo Box Bracket

# 1

Locate two interior holes in seat frame, this is where the frame brackets will mount.

# 2

Install frame brackets to inside holes of seat frame. Elongated hole should face front of cart. Install using hardware provided and tighten.

Some models may require that you remove seat hardware to install frame brackets as shown.

3

Using hardware provided, attach cargo box bracket to frame brackets as shown. Tighten all hardware.

Using remaining hardware, attach cargo box to bracket and tighten.

5

Secure cargo box as shown. Be sure strap is lifted up and away from cargo box.

To secure cargo box, fold driver side panels in first, then passenger side.

Attach strap and latch kit as shown to secure cargo box when not in use.
